

GREENWOOD HEALTH AND WELLNESS CENTER

PREVENTION AND HEALING

The **Greenwood Health and Wellness Center** focuses on prevention and healing with a patient centered approach to healthcare. This patient-centered approach allows our providers to partner with each individual to achieve their goals. Whether starting in childhood, adolescence or adulthood it is never too late to make lifestyle changes that promote good health. The clinic offers the convenience of a walk-in clinic with the expertise of an emergency room without the wait.
